

ULTRA-GRAIN®

paint option

We Look Right at Home®

Gallery® Collection Model GD1SP; Shown in Ultra-Grain® Medium Finish Paint Option

THE BEAUTY OF STAINED WOOD WITHOUT THE UPKEEP

Clopay's Ultra-Grain® paint finish delivers the best of both worlds: the realistic look of natural wood with the low maintenance and energy efficiency benefits of insulated steel. But unlike real wood, it's UV-resistant and impervious to moisture, so it won't fade, rot, split, shrink or crack, saving you and the environment material, energy and resources necessary to maintain or replace door components.

Premium Series Model 9130 with Trenton® Windows; Shown in Ultra-Grain® Cherry Finish Paint Option

FEATURES

- The painted steel surface simulates a real stained door without the hassles of staining and the ongoing maintenance of wood.
- The woodgrain runs horizontal on stiles and vertical on panels for an authentic, natural look.
- Available in Walnut, Dark, Cherry and Medium Finishes that complement entry doors, shutters and other exterior stained wood products.
- Available on select Gallery® Collection 3-Layer and Premium Series models.
- The exterior surface has a stucco texture for a more natural woodgrain look vs. a woodgrain texture that runs in one direction.
- Qualified Gallery® Collection and Premium Series doors are available in specific WINDCODE® ratings.

Window frames, grilles and inserts are color matched to coordinate with each finish. All window options are available.
